

Families on the Edge – A Fair Deal for Whittlesea

WHITTLESEA COMMUNITY FUTURES PARTNERSHIP PLEDGE

The City of Whittlesea is one of the State's fastest growing municipalities and its rapid transformation has stretched services and infrastructure to the limits. A tipping point has been reached, with families on the edge.

Today, Thursday 4 September 2014, we, the members of the Whittlesea Community Futures Partnership, pledge to:

- Advocate for fairer distribution of resources for the growing communities of the City of Whittlesea to ensure we create liveable communities in Melbourne's fringe.
- Work together in reducing the service gaps and improving the life outcomes of City of Whittlesea communities to ensure that they are not disadvantaged by where they live.
- Work in partnership with all levels of the government to support and ensure they fulfil their obligation in building sustainable and liveable communities in the City of Whittlesea.
